#### Continuing Education (CE) Information

**Goal:** To educate oncology nurses and social workers on the current and emerging therapies in the treatment of myeloma.

**Objectives:** At the conclusion of this program, participants should be able to:

- Describe diagnosis and current treatment options for individuals living with myeloma
- Describe side effects and symptom management for myeloma
- Identify emerging therapies under study for myeloma
- Explain the role of stem cell transplantation in myeloma treatment
- Apply strategies to enhance quality of life for individuals living with myeloma

**Target Audience:** Nurses, Social Workers and other healthcare professionals

Approval for nurses has been obtained by the National Office of The Leukemia & Lymphoma Society under provider number CEP 5832 to award 2.0 continuing education contact hours through the California Board of Registered Nursing.

The Leukemia & Lymphoma Society (LLS), provider number 1105, is approved as a provider for social work continuing education by the Association of Social Work Boards (ASWB) [www.aswb.org](http://www.aswb.org) Approved Continuing Education Program (ACE). Approval Period: 12/2008–12/2011. LLS maintains responsibility for the program. Social workers should contact their regulatory board to determine course approval. Social workers will receive 2.0 CE (1.75 clinical and .25 social work ethics) clock hours.

**Upon completion of this program and submission of the activity evaluation, a certificate of completion will be issued to you following the program, via US mail within 30 days.**
