**THE CANCER INSTITUTE OF NEW JERSEY APPOINTS MERRILL LYNCH
EXECUTIVE TO BOARD OF DIRECTORS**

Subha Barry Joins CINJ's Board of Directors

NEW BRUNSWICK, N.J., DECEMBER 9, 2003 – The Cancer Institute of New Jersey (CINJ) today announced the appointment of Subha Barry, First Vice President of Multicultural and Diversified Business Development for Merrill Lynch, to its Board of Directors.

“We are pleased to welcome Ms. Barry to CINJ’s Board of Directors,” said Robert E. Campbell, Chairman of the Board. “With her broad background in finance and her leadership abilities, she will undoubtedly be an asset to the CINJ family.”

Ms. Barry has been with Merrill Lynch since 1989 and is currently responsible for developing a multicultural business platform to increase Merrill Lynch’s presence among diverse markets. Prior to starting the Multicultural and Diversified Business Development Group, Ms. Barry was a highly successful and best practice Financial Advisor and Branch Manager for Merrill Lynch’s Global Private Client Group.

Ms. Barry is also active within her community, especially in the mentoring of young women and fundraising for several local charities. In 1997, Ms. Barry was honored with the TWIN- Tribute to Women in Industry Award. In 2000, she was the recipient of the Women’s fund of New Jersey Award for Outstanding Achievement in Banking and Finance.

Ms. Barry currently resides with her family in Princeton, New Jersey.

The Cancer Institute of New Jersey is the state’s first and only National Cancer Institute-designated Comprehensive Cancer Center. CINJ is dedicated to improving the prevention, detection, treatment and care of patients with cancer, through the transformation of laboratory discoveries into clinical practice. CINJ’s Providers' Network is comprised of twenty Partner and Affiliate institutions throughout the state and provides a mechanism to rapidly disseminate important, valid discoveries into the community. The Cancer Institute of New Jersey is part of UMDNJ-Robert Wood Johnson Medical School.
