Creative Teaching Strategies for the Nurse Educator

Monday, July 29, 2013

CentraState Medical Center

Location of Training: CentraState Medical Center Star and Barry Tobias Ambulatory Campus: Conference Center Auditorium, 901 West Main Street, Freehold, NJ 07728

Registration: 7:30am (breakfast will be provided) Time: 8:00am – 4:00pm Lunch: 12:00noon – 1:00pm (lunch will be provided by CentraState)

Target Audience: Registered Nurse; Staff Development Educators

Speaker

THERESA PUCKETT, PHD, RN, CPNP, CNE, is a certified nurse educator who has held a variety of academic teaching appointments at the undergraduate and graduate levels. Dr. Puckett has taught lecture, clinical, and lab courses in addition to serving as a preceptor for nursing education graduate students. Dr. Puckett is a member of the National League for Nursing and served on the first CNE Certification Commission. She also served on the Educational Leadership Advisory Council for the Ohio League for Nursing. Theresa earned a BSN from Ursuline College, MSN and PhD from University of Akron and a postmasters certificate in nursing education from the University of Toledo. She has presented at several national and state conferences and is known for her engaging presentation style and use of audience participation. She looks forward to sharing her best creative teaching/learning strategies with you!

PESI's Activity Planner and Theresa Puckett have indicated that the content being presented at this educational activity is without bias of any commercial product or drug.

Learner Objectives

At the end of this class the participant will be able to:

- 1. Discuss one approach to designing learning strategies.
- 2. Demonstrate three ice breakers/team building activities that can be implemented in teaching practice.
- 3. Summarize five active teaching/learning strategies for lecture.
- 4. Examine ten website resources for nurse educators.
- 5. Explain three educational technologies used in course delivery.
- 6. Explain three educational technologies used for course enhancement.
- 7. Identify five free online resources for educational technologies.

Seminar Topics

New Approaches to Designing Learning Strategies en Bain Patricia Benner White Water Analogy Getting Started Ice breakers Team builders How to "kick off" a program/class During Class Transitions Wake-ups Ways to emphasize main points How to provide ongoing support to learners The "Good Lecturer" checklist How to Avoid Death by PowerPoint Using the slide master function in Word Guided lecture Concept mapping Student response systems (ex. iClicker) Lecture capture Text messaging Podcasting Wiki's PDA's Virtual educational environments Using digital recordings to provide feedback Must-Know Strategies for any Teaching Situation Activity-based Arts-based Cooperative Direct instructional Independent learning Ways to foster reflection Free Stuff Open courseware Open electronic health record Free online books/articles Free course management systems Free web conferencing sites Websites for cartoons, jokes, pictures, interviews, stories, poems, videos, case studies and crossword puzzle makers Technology Used in Course Delivery Lecture capture Podcasting Free online course management sites Virtual educational environments (e.g. Second Life) Virtual lab skill sites Simulation Remote presence faculty robot Technology Used for Course Enhancement Student response systems Text messaging Whiteboards Web conferencing Meeting software Blogs Wikis Collaboration sites Digital recordings Article depositories Getting Started in Simulation History of simulation Types of simulation Critical components of the simulation process Five key design characteristics of the simulation scenario Measuring outcomes of simulation Simulation resources Human Patient Simulation (HPS) Key concepts of HPS Writing scenarios Ideas for pediatrics, obstetrics, psych and medical-surgical scenarios Overcoming barriers to implementing HPS Standardized Patients Locating "patients" Writing scenarios Developing a training program Evaluating outcomes Free Online Virtual Simulation Resources

A division of CMI Education Institute, Inc. A Non-profit Organization
