

Join Us!
2nd Annual GI Symposium
Morristown Medical Center

On Friday, April 24, the multidisciplinary gastrointestinal team of experts from Morristown and Overlook Medical Center's Carol G. Simon Cancer Center will be discussing the latest advances in screening and treatment in an interactive presentation for physicians, residents, nurses and allied health professionals in internal medicine, family medicine, surgery, radiology, obstetrics/gynecology, medical and radiation oncology and pathology. Community partners from local cancer advocacy groups also are invited to attend.

Learning Objectives

At the end of the session, participants should be able to:

- Understand the appropriate evaluation for patients with gastrointestinal malignancies
- Cite the current treatment for patients with gastrointestinal malignancies
- Recognize the newer treatments and techniques which can be part of the management of patients with gastrointestinal malignancies

Atlantic Health designates this educational activity for a maximum of 5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Atlantic Health is accredited by the Medical Society of New Jersey to provide continuing medical education for physicians.
