Keys to Sexual Wellness for Cancer Survivors

Please join us for a webinar to discuss sexual dysfunction, menopausal side-effects, symptom management, pelvic floor health, and sexual wellness after cancer.

Dr. Wen Shen is a board-certified gynecologist who specializes in treating women after acute or chronic diseases such as cancer. Her areas of interest include menopausal management and sexual dysfunction.

Dr. Julie Everett is a cancer rehabilitation specialist with a focus on men and women's pelvic health, sexual dysfunction, obstetrics, and urinary and bowel dysfunction. She works with all cancer populations including breast, head and neck, colorectal, gynecological, and urinary.

Thursday April 3, 2014 7 pm – 8 pm ET
