

How to Prevent, Treat and Beat Colorectal Cancer

Saturday, March 29 | 8 a.m. – 3:30 p.m.

Capital Health Medical Center – Hopewell

NJ Pure Conference Center • One Capital Way, Pennington, NJ 08543

Colorectal cancer is the third leading cause of cancer-related deaths in the U.S., yet it is highly preventable and treatable with early intervention. Join Capital Health physicians, nutritionist and genetics counselor for a full discussion about the risk factors for colorectal cancer, including family history, how you can work to prevent it and the leading treatments if you have a colorectal cancer diagnosis. Program includes a panel discussion and Q&A. Lunch will be provided.

8 am – 10:45 am Endoscopy, radiation therapy, chemotherapy, minimally invasive surgery

10:45 – 11:30 am *Guest speaker:*
Biomarker analysis and molecular profiling in the treatment of colorectal cancer

11:30 Physician panel and lunch

12:30 – 3:30 pm *Can advanced disease be cured?*
Presentations about screening, nutrition, genetics, the GI patient navigator, Q&A
