"You are the Key to HPV Cancer Prevention"

Friday- November 21, 2014
50 E. State St.-6th Floor- Conference room A

11:00am-12:00pm

Presentation on up-to-date information on HPV infection/disease, HPV vaccine, and ways to successfully communicate with patients and their parents about HPV vaccination. Find out how to tell parents that they aren't opening the door to sex—they're closing the door to cancer. Because HPV vaccine IS cancer prevention and YOU are the key.

In Partnership with: Centers for Disease Control & Prevention (CDC), Merck Vaccines, New Jersey Department of Health-Vaccine Preventable Disease Program, New Jersey Office of Rural Health, NJCEED and the NJDOH-Office of Cancer Control & Prevention
