

Our community is **GROWING** and so are we.

Robert Wood Johnson University Hospital | **RWJBarnabas HEALTH**

EMERGENCY DEPARTMENT EXPANSION BEGINS ON MARCH 6, 2017.

Please be advised that significant construction work will begin on March 6 near the RWJUH Emergency Department entrance at the intersection of Somerset Street and Little Albany Street.

Little Albany Street will be open only to emergency transport ambulances between Somerset Street and the Rutgers Cancer Institute of New Jersey entrance during the first phase of this project.

During this time, this area will be used ENTIRELY for Emergency Department and patient-related services.

Any non-emergency related drop-offs/pick-ups, deliveries or activities will not be permitted as this project continues. Please make alternate arrangements.

Emergency patient drop-offs can be made at the designated area at the Somerset Street and Little Albany Street intersection.

Patients and visitors can use the Valet Service at the hospital's main entrance on Somerset Street or access the Self-Park Garage on Little Albany Street via Easton Avenue. Vehicles entering Rutgers Cancer Institute of New Jersey should access Little Albany Street via Easton Avenue.

Thank you for your cooperation as we complete these necessary improvements to better serve our patients.

All visitor parking access to Little Albany from Easton Avenue ONLY.

Parking is available at the Hospital Parking Garage. Valet option is also available at the main entrance.

“Closed” area will be opened by police for Emergency Department access.

March 2017 – August 2017
